## LIVES LOST IN COLORADO RIVER FLOOD

### WATERS ARE MENACE TO RAILWAY

Freshet Sweeps Abutments of Santa Fe Bridge

Situation Along River Is Critical; Crevasse in Levee

SAN BERNARDINO, June 10.—Two prospectors and an Indian boatman, names unknown, were drowned in the flooded Colorado River according to reports received today from Calzona, Arizona. Their boat capsized while they were attempting to cross the river.

All along the river the situation was reported today as critical. The slight fall reported last night was believed to have been due to a break in the dikes or levees somewhere to the north. Water backing up on lands behind the barriers strengthened this theory, and engineers and rivermen generally believed the crest of the flood was yet to come.

The volume of water passing through the crevasse in the Government levee at the Mojave Indian Reservation, which gave way yesterday, is expected to relieve somewhat the situation as it affects the Imperial Valley, lower down the river.

A force of men was at work today raising the levee at Beale, a point where three previous crevasses have occurred. The water at that place was still level with the levee top this morning.

### THREATENS RAILWAY.

NEEDLES, Cal., June 10.—The Colorado River flood swept over the abutments of the big Santa Fe Railroad bridge twelve miles south of here today and reached up to the back ties. Engineers, however, became more hopeful when the river gauges showed a fall of a few inches, due probably to levee breaks above here.

The flood waters are now being (Continued on Page 2, Col. 6)

### NOW FOR FLAG DAY

Mayor Mott Requests That Banner Surmount Buildings Next Monday.

Calling upon Oakland for a display of "That spirit of patriotism which impels devotion to American ideals," Mayor Frank K. Mott today issued a Flag Day proclamation. It reads:

To the People of Oakland:  
In accordance with custom and in keeping with the spirit of patriotism which impels devotion to American ideals, it becomes my pleasant duty to direct attention to the 137th anniversary of the birth of the American flag. On June 14, 1777 Congress enacted "That the flag of the thirteen United States be thirteen stripes, alternate red and white; that the Union be thirteen stars, white in a blue field, representing a new constellation."

Subsequently Congress fixed unchangeably the thirteen stripes and provided for a star to be added on the admission of a new state into the Union.

Such, briefly, is the record of the adoption of the star-spangled banner as the emblem of American nationality. Throughout the years it has been borne aloft as the symbol of a people devoted to righteousness and liberty. It has upheld for nearly

### J. H. King Is Chosen On Advisory Committee

J. H. King was chosen this morning as the representative of the Alameda County Tax Association on the Advisory Committee of Five which was recently created by the city council for the supervision of all construction on the new Municipal Auditorium. King is chairman of the Auditorium committee of the Commercial Club and is thoroughly informed as to the details of the structure.

### MOTHER'S ORDERS TOO LATE TO STOP ELOPERS' ORDERS

SACRAMENTO, June 10.—With Danny Cupid leading the God of Fortune, an elopement of two young society folk of Northern California was carried through this afternoon when Leroy H. West, son of Hiram West of Hamilton City, known as the "Wheat King of Glenn County," and Miss Lilly May Mosk, member of a well-known pioneer family of Chico, won a race with the orders of an irate mother by two seconds. Just as Judge W. A. Anderson had uttered the words, "I pronounce you man and wife," in his chambers at the county court house, Deputy County Clerk M. J. Sullivan rushed in with the message from the groom's mother, ordering the marriage stopped. But the knot had been tied, and West, declaring that he was 21 years of age and judge of his own matrimonial inclinations, took the arm of his pretty bride and rushed to a train for Santa Cruz.

### N.O.G.W. TO NAME NEW LEADERS

Election Is on Program of Grand Parlor Tomorrow

Ball, Business Session and College Visit Are Events

With a thousand guests thronging the corridors of the Hotel Oakland and moving to the strains of music in the ivory ball room, the grand ball given last night in honor of the members of the Grand Parlor of the Native Daughters of the Golden West proved the most enjoyable feature of the twenty-eighth annual session of the order which is now in progress in Oakland. The 300 delegates to the convention and their escorts formed the nucleus of the ball, which was attended by hundreds of Native Sons and Daughters from the cities about the bay.

At the afternoon session of the Grand Parlor in Scottish Rite Cathedral yesterday, Mrs. Allison F. Watt, grand president, announced

### S. F. CLERK IS ACCUSED OF THEFT

Employee of Samuels Jewelry Store Is Missing

\$200 in Cash Is Taken From Box; Loot in Suit Case

SAN FRANCISCO, June 10.—Albert S. Samuels, president of the Samuels Jewelry Company, reported to the police today the theft of \$30,000 worth of unmounted diamonds from the company's store. He accuses a trusted clerk, Joseph Fischer, of the theft. Fischer, he says, has disappeared.

The gems were taken from the safe. Besides the jewels, \$200 was taken from the cash box. According to Samuels, the suspected clerk has worked for the firm two years and knew the combination to the safe. Samuels says a boy told him he saw a boy leaving the store last night with a suitcase.

### Soldiers and Workers Wounded in Rioting

MILAN, Italy, June 10.—An encounter between the troops and riotous strikers here today resulted in the wounding of a number of soldiers and workmen.

ROME, June 10.—Further outrages were committed today by strikers in various parts of Italy, who caused damage to several minor railroad stations. The authorities in consequence have extended their measures of precaution and have posted troops and police to guard structures liable to attack by the strikers. The workmen's movement was started on Monday, when a general strike was declared as a protest against the repressive measures of the government in connection with the popular demonstrations at Ancona on Sunday when several men were killed and wounded.

### AUDITORIUM WORKERS BUSY

Campaign Leaders Declare Bonds Issue Will Carry

Businessmen Say Conventions Next Year Should Repay Cost

Pausing for conference in the midst of the campaign which they are waging for the success of the second election for a \$500,000 bond issue to complete the municipal auditorium, the members of the militant army assembled last evening in the rooms of the Oakland Commercial Club for a buffet luncheon and smoker. Nearly 200 majors, captains and workers gathered around the tables and exchanged reports and counsel, while Commander-in-Chief William F. Hobbs gave revised orders for the future movements and strategy of the advance. Enthusiasm for the bonds and determination to poll a heavy vote were the dominant notes of the meeting.

Managing Director Joseph E. Calne presided as toastmaster and introduced a number of speakers, who told of the progress of the work and gave advice to their collaborators.

O. E. Hotie was the first speaker, and he declared in favor of action in place of words.

### TIME FOR DEEDS.

"We don't want to expend our energy in talk," he said. "The time for that is over, and we have a definite task before us. The question is in its essence—shall the knocked rule, or shall the spirit of progress prevail in our city? It is the easiest thing in the world to find fault and one of the hardest is to correct misunderstandings. There are many who are opposed to a bond issue; a lot of them are sincere in this opposition and a lot of them merely like to talk. We must meet these people face to face and persuade them that this auditorium means a tremendous amount to us financially and it means more to our prestige as a city."

W. E. Joseph, president of Local No. 507 of the International Union of Steam and Operating Engineers, stated that his organization and the ladies' auxiliary had unanimously adopted resolutions endorsing the bonds.

"There is no question," he said, "that this building is being elected in

NANA BRYANT, FORMER OAKLAND STAGE STAR, WHO OBTAINED A DIVORCE FROM HER HUSBAND, PHINEAS G. MACLEAN, TODAY.

### RECONSTRUCT ROAD MISS BRYANT FREE

Terminal Railway Company Works on Twelfth Street Tracks.

Announcement was made today by the San Francisco-Oakland Terminal Railway that work is to be commenced immediately on the reconstruction of the company's road bed on Twelfth street, from Lake Merritt to Jefferson street. The work will be one of the most important places of reconstruction planned by the corporation, as this road bed, which carries the heavy Key Route special cars, has been in poor condition and has held back the putting of the street in good condition for a long time.

All the material is already here. The rain to be used will be the heaviest rolled Y-grinders, bedded in a solid concrete subgrade. The work will be first-class throughout and will be a great improvement to the street. Merchants at Twelfth street, have been clamoring for this for a long time. Something over a year ago the roadbed of Twelfth street from Jefferson to Market was reconstructed. As soon as this part under consideration has been completed, the company plans to reconstruct the road from Market street

Leading Woman in "The Traffic" Testifies to Domestic Infelicity.

SAN FRANCISCO, June 10.—Miss Nana Bryant, the Oakland actress and star of "The Traffic," which recently closed its run in Chicago, was granted a decree of divorce by Superior Judge Van Ness today. The actress, who was one of the most popular leading women that ever appeared in Oakland, is known in private life as Mrs. Phineas G. MacLean. Her husband is an actor, at present appearing on eastern vaudeville circuits.

Prior to leaving here last October Mrs. MacLean filed a suit for divorce. The case came up for hearing before Superior Judge Morgan on December 10, 1913. At that time Miss Bryant's attorney, S. C. Wright, attempted to procure a decree for her on deposition, and the court announced that although he realized the actress could not leave her company and come west, he was opposed to long-distance litigation which affected the family friends.

### WILL ASK NATIONS

House Committee on Foreign Affairs Report Favorably

Speedy Action in Senate Is Considered Sure Outcome

OAKLAND is to have the International Congress of Education in this city in August, 1915.

Such was made practically certain this morning when, by a special resolution of the House foreign affairs committee, it was recommended that President Woodrow Wilson be instructed, in the name of the United States, to issue invitations for the congress, naming Oakland as the convention city. This means that the International Congress will meet here, together with the National Educational Association, the final campaign for which is to be made at the St. Paul convention this year by the educators of Oakland.

The N. E. A. Convention has already been reported on favorably for Oakland by the executive committee of that organization, this almost insuring this convention. It is partly in view of this fact that the House Committee, through the efforts of Congressman Joseph R. Knowland and the commercial bodies of Oakland, was induced to report on the bill. The report is declared to mean passage without argument in the House, and the Senate also, it is declared, will find no objections to it.

### NATIONAL SANCTION.

Therefore the call for the International Congress will be issued for Oakland by the highest authority in the land and in the name of the United States itself. At the same time another resolution was adopted urging the President to issue invitations for the coming year's Congress to be held in San Francisco.

The news of the Foreign Affairs Committee's action came this morning in wired messages to the Commercial Club and to Oakland educators. The granting of authority to the President was reported favorably this morning, the committee acting unanimously, it is declared, on the proposition.

The movement for the World's Congress was started at the same time the campaign for the N. E. A. was begun, it being believed at the time that the two should meet together. Several vocational teachers' conventions are also practically assured.

### OTHERS COME ALSO.

It was on the representations of the educators and Secretary J. E. Calne of the Commercial Club, a Congressman Knowland that he took up the matter, pressing it to the successful conclusion of today. The action of today practically makes certain both big conventions, and according to Secretary Calne, puts at least six others in direct line.

It is planned to house the conventions to the city, in the municipal auditorium. This gathering will be one of the biggest of the Exposition Year, and one of the most important in educational history.

### Eight Perish in N. Y. Tenement Fire

NEW YORK, June 10.—Eight persons, five of them women, lost their lives and eight more were badly injured today in a fire that spread through an old style East Side tenement house. More than a score of others were seriously hurt.

The fire was discovered by a tenant who saw flames dart from a locker room, under the stairs, and screamed a warning. But the fire swept through the tenement so rapidly that escape was cut off before all the tenants had been aroused.

A woman and her son were killed by leaping from a window.

### Resolute Wins First Cup Defense Race

ASSOCIATED PRESS BOAT, ON SANDY HOOK, June 10.—The yacht Resolute won the first cup defense race off Sandy Hook here today covering the American Cup course in 3 hours, 15 minutes and 20 seconds, the fastest time ever recorded in such a course. The Resolute, a 40-foot sloop, was captained by a young man who had just returned from the war.

## ROUGH U HEAD STATE SCHOOL HERE

Old Emerson Building Turned Over as State "High" Training Institution.

Formal adoption of the order of the Emerson School the new State High School, as authorized by the Regents of the University of California, was made last night by the Board of Education. Following the news, published exclusively in THE TRIBUNE Monday, that final action on the matter had been taken, California to be established in Oak-

Oakland board turned over the school, with teachers to the State authorities will take charge at the beginning of the coming term.

Professor C. E. Rugh, of the University of California, was appointed principal of the new model school, in which University of California students are to learn to become teachers by practice with the High School classes to be taught in the institution. Rugh will serve as principal for the Oakland school department without compensation, being under state employ. Other supervisors to be named by him will be appointed with pay by the board.

The school to be used is the old Emerson School, at Forty-eighth and Webster streets. It is an old out large and substantial structure. It will from now on be known as the Oakland State High School.

**TWO PRINCIPALS DISMISSED.**  
A shakeup in the teaching forces last night, made on recommendation of Superintendent A. C. Barker, resulted in the dropping of two school principals, J. J. Seaman of the Madison school, and J. C. Lane of the Frick school. Both men protested vigorously that they had been wrong in the department and that they were being treated unfairly.

"I did not want to bring charges," declared A. C. Barker, superintendent of schools, after the meeting. "We are not satisfied with their work. Our criticisms during the term served them as ample notice. They knew what was coming before now."

The principals declare that they received no notice of their intended dismissal. Lane was represented by Attorney J. J. McDonald, who declares that the action is in direct violation of the principles of the charter.

"It's a matter of efficiency with us," declared Miss Anna L. Brown, and we refuse to discuss the matter."

The two vacancies in principalships will be filled by L. D. Inskeep and B. F. Allison, now both connected with the Manual Training and Commercial High School.

Several changes were made in principal's assignments last night. W. F. Wheeler, former principal of the Piedmont School, and head of the Board of Education's lecture department, is promoted to the principalship of the new State High School. W. F. Ewing takes his place at the Piedmont School. The assignments of principals made last night are as follows:

Claremont, J. A. Vergon.  
Emerson, R. S. Wheeler.  
Piedmont, W. E. Ewing.  
Elmhurst, C. E. Crain.  
Michigan, Paul Martin.  
Highland, Mrs. E. A. Wilson.  
Melrose Heights, L. D. Inskeep.  
Alameda, B. F. Allison.  
Carmichael, J. S. Seaman.  
McChesney, N. J. Fries.  
Mantoloking, H. H. Richard.  
Santa Fe, Miss A. M. Richardson.  
Peralta, Miss Anne M. Bradley.  
W. P. Frick, H. W. Campbell.

**ABOLISH POSITION.**  
The position of Assistant Instructor in Hygiene, held by Miss Laura Cairns, was abolished and she was notified that her services will not be required next year.

The positions of heads of Departments in Foreign Languages in all High schools was abolished, and there was created the position of Supervisor of French, Supervisor of Spanish, Supervisor of German, and Supervisor of Latin. These holding positions as heads of departments will be notified of this change. The position of Supervisor of Field Athletics in the Manual Training and Commercial High School was abolished.

The positions of heads of Stenography and Typewriting, and of Bookkeeping in the Manual Training and Commercial High School were abolished, and in lieu thereof the position of Chief of Head of the Commercial Department, N. O. Shively was appointed assistant head of the Manual Training and Commercial High School, and Miss Hazel Abernethy was elected teacher of drawing in the Oakland High School.

## THIEF FINDS VALUABLES IN JOURNALIST'S HOME

The home of A. H. Shirk, a newspaper man residing at 179 Eleventh street, was robbed yesterday by a man who had rented a room at Shirk's residence. Jewelry and clothing worth \$200 was reported taken. The man went to the house yesterday and went to a room. Later he returned and during the absence of the family, ransacked the place. The burglary was not discovered until last night. A good description of the burglar has been given to the police.

## Ferguson to Run Was in Assembly

DANIEL FERGUSON.

Hon. Daniel Ferguson, member of the last legislative assembly of California, is a candidate for re-election, having announced his intention of becoming a candidate on the Progressive ticket at the August primaries.

Ferguson was the author of the free employment agency bill, adopted at the recent session, by the terms of which bureaus are maintained in the larger cities of California where laboring men may obtain employment without payment of a fee and be assured in their occupations. He was also an ardent advocate of all other measures for the benefit of the working classes. He was uniformly successful in securing legislation of a character calculated to benefit the toilers and at the same time achieved success in his advocacy of laws for the general good of all the citizens of California.

## IS CALIFORNIAN.

Ferguson has been a resident of California for many years. He has been active in civic affairs and has always displayed an interest in matters calculated to advance Oakland and her sister cities, as well as the general uplift of the state at large. He has been identified with the labor movement for a long time, has been a delegate to the Central Labor Council and has held many other responsible positions.

If re-elected Ferguson says he will give the same attention as of old to matters affecting the material welfare of the city and constituency he represents and will make the same effort to achieve the same measure of success in future that distinguished him in the past. Having acquired a thorough knowledge of legislative procedure by his service during the last term, and being qualified in other ways, he is certain that his election will be of benefit to the community and has a host of friends who endorse him in the position taken.

## OLD-TIME FOURTH IN PREPARATION

Livermore Celebration Rapidly Taking Shape Under Direction of Patriots.

LIVERMORE, June 10.—Preparations are rapidly taking shape for the big Fourth celebration and other features to mark the centennial of the Fourth of July this year. Under the direction of Supervisor D. Murphy, William McDonald, Cedric Petersen, and other prominent men of the town, details for the celebration will be the first of the old-time observances of the national holiday to be seen in the county in some years. It will be a big two-day round of festivities with something doing all the time, according to the promise of the committee in charge. Branches from all parts of the state will compete in the big contest, where the cowboys will match their skill. Famous horses, such as "Billy Boone," "Maggie of Lafayette," "Mrs. Hamilton Sunshine" and "Steamboat" will be ridden at the affair. The pick of the products of the Livermore horse breeders will be in the running and chairman Concanon of the branch-busting committee, has arranged for several surprises at the affair.

"Bull-dog" of the county, will defend his title against all comers, and some of the entries are from Arizona and Wyoming. Bill Cato, another noted "buster," will also defend his title at the contest. Bill Hubbard, Ambrose Walker, Claude Hamilton, Elmer Peterson, of Arizona, Albert Stone of Wisconsin, Hans Lumbach, Sam Howe, Frank Peters, James Pinhorn, George Wilburn, Roy McCarver, George Radcliffe, and several other cow-punchers are in the entries. There will be four parades during the Saturday and Sunday of the celebration, and five bands, drum corps, night illuminations and many other features are projected.

## SEEK RUNAWAY LAD.

Joseph Allen, 16 years of age, is reported to have run away to Sacramento from his home, 1855 Ninth street, and the police have been asked to assist in the search for him by S. Jackson of the same address.

## To Have Perfect Skin Throughout the Summer

These days the face needs special care and attention. Dirty skin, which is the cause of many skin troubles, is a source of much trouble. Their despoiling effects are best overcome by the application of pure mercuric cream. This keeps skin and pores in a healthy condition, the complexion beautiful and white and spotless. Discolored, cracked and roughened cuticle are effectively absorbed by it. One ounce of mercuric cream is obtainable at any drug store. It is sufficient to completely renovate the complexion. It is used like soap cream, allowed to remain on the face and washed off in the morning. As the skin tends to expand in warm weather, causing wrinkles to form, a good astringent lotion should be used. It will tighten the skin and prevent the formation of wrinkles. Bathe the face in this during the heat of the day or before going to bed. It is a remarkable skin tightener and wrinkle remover.

## CANDIDATES' RANKS MAY THIN

Nobody Knows, Except Aspirants Themselves, Who of Them Will Quit.

There is still a great deal of indecision in the ranks of the Republican candidates for governor and lieutenant governor.

Frank C. Jordan, the candidates, Frederick, Belslow, Keesling, Ralston and Messer, declare that their hats are in the ring to stay until after the primaries, at least. None of them has as yet selected a running mate. While there are rumors that there will be withdrawals before the critical period in the campaign, no one knows for sure.

J. O. Hayes of San Jose is still flirting with the proposition, giving evidence of a strong desire to get into the race. His brother, Congressman E. A. Hayes, said some time ago that if J. O. entered the race for governor he would seek reelection to Congress but would not get behind him. J. O. has endeavored to induce the other candidates to submit their candidacies to a board of arbitration, as it were, three members to be named by each, and the board to decide which should enter the race. He has received little encouragement so far.

Governor Johnson is expected to continue his campaign in the north, the only portion of the State that he has not yet visited this political season.

## G. O. P. STILL LEADS.

SACRAMENTO, June 10.—Fifty-seven of the 58 counties in the State have furnished Secretary of State Frank C. Jordan their registration reports up to and including June 1, 1914. With the two counties that reported today the total registrations now are \$41,442.

The Republican total is 346,652; the Democratic is 323,315; Progressive 172,552; and the Socialist are fourth with 46,524. Madera is the only county to be heard from and the registration will not materially alter these figures. The county having a registration of about 5000. Mendocino county is the only county in the State having a Social-Democrat registered. There is not one Whig in the State. There is one Roosevelt, one elector belongs to the State and one independent Progressive. These are counted among the scattering and make up the State's total registration.

## BALLOT ARRANGES.

First place on the ballot next November will go to the resolution proposing a constitutional revision convention. This was decided today by Secretary of State Frank C. Jordan, on whom rests the responsibility of designating positions on the ballot for the many propositions to be voted on by the people. Jordan considers the question of revising the constitution to be in accordance with the measures to be submitted to the electorate.

## NEXT, PROHIBITION.

The initiative and referendum proposition will occupy second place on the ballot, the secretary of state being convinced that the people will favor the proposed law than almost any other. Other measures will receive the following places:

Fourth—Universal eight hour law.

Fifth—Right abatement.

Sixth—Blue sky.

Seventh—Commission blue sky.

Eighth—Water commission laws were enacted by the 1913 legislature, but their operation has been suspended through the medium of the referendum.

## SERIAL SYSTEM.

Secretary Jordan today that he proposed to inaugurate a new system whereby each measure on the ballot will be assigned a number under this arrangement the constitutional convention proposition will be known as "Proposition No. 1," the prohibition measure, "Proposition No. 2," and so on, according to the sequence the measures have on the ballot.

The system of adopting numbers to stand for each measure is a new one to all those working for the success or defeat of various propositions, to exhort them individually to better advantage.

## CONVICTED REALTY MAN MAY ASK FOR PROBATION

Found guilty a second time of felon embezzlement, J. E. King, a real estate man, who was convicted by a jury in superior court wastes court last evening, will be sentenced next Friday. He was convicted of a felony, but was given a new trial.

He was charged with neglecting to account for \$700 given to him as balance in a deal by Antonio Maciel. King claimed that he had a receipt for the money, but the receipt was questioned as to its genuineness. Prof. Carl Eisenhuth, handwriting and paper expert, declaring that the receipt had been altered. When the verdict of the jury was brought into court Mrs. King, the attractive young wife of the defendant, stood in her husband's arms. The couple have a small child who was also in court. It is probable that Attorney Ian S. Church, representing King, will ask for probation for his client.

## AUTO HORN PATENT ATTACKED; CASE ENDS

NEW YORK, June 10.—Discussing the merits and demerits of a patented automobile horn on which it was alleged infringements had been made, the United States Circuit Court of Appeals said yesterday that "a racket wheel revolving on the bottom of a tin pan would produce a somewhat similar result, and the court holds that noise is not patentable."

In his decision Judge Cox also says: "Why, it was thought necessary, with the musical notes of the coach horn and the hunter's horn as guides, to mar the pleasure of automobile driving and to shiver the air with such discordant sounds, the court has been unable to understand."

## SOCIALISTS TO RALLY FOR FALL CAMPAIGN

A mass meeting of the Socialist party membership will be held next Sunday at Rice Institute, beginning at 2:30 p. m. At which plans for conducting an active fall campaign will be considered. At 6 o'clock a basket supper will be served, with speeches by some of the women, which will be followed by a campaign rally in the evening at which Rev. Robert Whitaker of Los Gatos and local candidates will speak.

## PRESBYTERIANS AID FIGHT ON MORMONISM

BLOOMINGTON, Ind., June 10.—The meeting of the synod of the Reformed Presbyterian Church of the United States and Canada adjourned yesterday after deciding to meet in Kansas, Mo. The synod voted \$5000 to the National Reform Association, to aid in the work of the organization in fighting Mormonism.

## HOFFMAN GETS DAMAGES.

CHICAGO, June 10.—Hoffman, who turned in his suit against the Chicago National League Club for back salary, today in the court at which Rev. Robert Whitaker of Los Gatos and local candidates will speak.

## Active Educator Now Candidate

H. C. PETRAY.

H. C. Petray, who has announced his candidacy for County Superintendent of Schools of Alameda County, has been an active factor in the uplift of the public schools of this county for the past twenty years, both as a member of the county board of education and as supervising principal of some of the county's largest schools.

For seven years he was at the head of the Livermore schools and the following four years was supervising principal of the Hayward schools.

At the close of this period Mr. Petray was chosen by the Oakland Board of Education as principal of the Grant school, which has an enrollment of 1200 pupils.

He has served in the last named school for the past nine years with enviable distinction. Mr. Petray promises, through kind, thoughtful, intelligent leadership to make the office a living, active force in the general advancement of the schools morally, industrially and intellectually. To devote his best energies toward securing more education along the problems of life, rather than in fitting for examinations, in order that the boys and girls may the better be prepared to take the initiative in things about them.

To plead for a more elastic or differentiated course of study in the 6th, 7th and 8th grades to meet the different types, tastes and talents found here.

Under the uniform course of study now prevalent it is compulsory for each pupil in the grade to take everything prescribed in that grade, whether fitted or not. This is why we seem to have so many misfits and so great a percentage of retardation in our schools today.

Remove these barriers, says Mr. Petray, through the introduction of electives in the sixth, seventh and eighth grades, along lines of least resistance, and you will soon discover many a bright intellect in some particular line that before had been groping in the dark and dubbed a "dunce" by his teacher.

Mr. Petray promises, if elected, to visit the several schools of the county more frequently than the law requires, believing that a closer educational comradeship of superintendent, teacher, pupil and parent is conducive to a more rapid growth of the schools.

## WIFE WOULDN'T WASH HIS CHRISTMAS SHIRT

When a wife at last has invited a number of friends to her home for an evening's entertainment her husband cut the telephone and electric light wires according to her complaint for divorce filed today against James Layman. Her husband's actions necessitated her moving into the home of a neighbor to give the party, she explained. She wants \$100 per month alimony.

Elise Bornmann was granted an interlocutory decree of divorce from Henry Bornmann, on testimony that he had treated her contemptuously. Bornmann answered with a cross-complaint, claiming that his spouse had fed him on canned meats for months at a time, and had refused to wash a shirt for him that he might present a good appearance last Christmas day.

Suit for divorce was filed by B. Bernal against Ida Bernal, alleging cruelty. Bernal charged \$250 with alimony. Affinity suits were filed by Eleanor P. Boynton against Stephen A. Boynton, charging cruelty, and Edward S. Alves against Adelaide M. Alves, alleged desertion.

## AUTO SPEEDERS NABBED BY "FLYING SQUADRON"

Arrests were made by the "flying squadron" of seven automobile drivers and motorcyclists last night for exceeding the speed limit or failure to have their rear lights burning, or to obey other technical provisions of the traffic ordinance. John Hon, a Chinese, was arrested last night at 415 Harrison street on a charge of having opium in his possession.

John Ricca was arrested last night on a charge of having stolen a bicycle tire yesterday from W. C. Beggs, 9210 East Fourteenth street.

## WEBB CITY GOES WET.

## RAILWAY MANAGER IS MURDERED NEAR TOWN

SAGINAW, Mich., June 10.—The body of Albert Sherman, superintendent of the Saginaw Valley Railway, was found yesterday hidden in a clump of bushes a mile west of Milwaukee. After a post-mortem examination, Coroner Alderman asserted murder was indicated. There was a severe bruise on the forehead. Sherman is said to have been threatened in Milwaukee by men whom he had caused to be arrested for robberies.

## NATIONS RECOGNIZE EXPOSITION SPORTS

LYONS, France, June 10.—Official recognition of the new athletic games to be held at the Panama-Pacific Exposition at San Francisco was voted at today's meeting of the International Amateur Athletic Federation.

The resolution was proposed by James E. Sullivan, president of the American Olympic Committee, and carried unanimously. Representatives of all the nations present promised to do their utmost to encourage the sending of teams to the games.

## FOUR M. E. BISHOPS GIVEN DOCTOR OF LAW DEGREE

DELAWARE, O., June 10.—Four members of the Methodist Episcopal church were given the honorable degree of doctor of laws at Ohio Wesleyan's Seventieth annual commencement today. These were Bishop Nathaniel Lurcock, Kansas City, Kas.; Bishop William J. McTear, Chicago; Bishop Edwin Holt, St. Louis, Mo.; and Bishop Francis J. McConnell, Green Castle, Ind. All are alumni of the institution and were present today.

## EJECTED SUITOR HELD ON DRUNKENNESS CHARGE

Mrs. N. Main, 1724 Seventy-third avenue, ordered Harry Church, 7445 Ward street, from her home when he continued forcing his attentions upon girls who were visiting her. As a last resort she called Fred Meyer, a boarder, to eject Church. A struggle followed, in which Church is alleged to have drawn a pocket-knife and to have cut Meyer. Church was arrested by Patrolman Jackson and charged with drunkenness. Meyer may swear to a greater charge today.

## SUICIDE FINALLY SUCCEEDS.

SAN FRANCISCO, June 10.—John A. Keane, a retired watchman of 900 Brannan street, was successful in his second attempt at suicide this morning and succumbed at the North German Hotel, from the effects of gas asphyxiation. Keane, who was 59 years old, had been ill for some time and recently was discovered in an unconscious condition after turning on the gas. This morning the proprietor detected the odor of fumes again coming from his apartment and burst in the door, but this time he was dead.

## HONOR FOR WOMEN OF CONFEDERACY

Monument to North Carolinians Is Unveiled in Raleigh.

RALEIGH, N. C., June 10.—A monument to the North Carolina Women of the Confederacy was unveiled here today. It is the second of a series of monuments to the women of the Confederacy, a similar monument having been erected by the State of South Carolina. Members of the North Carolina division of United Confederate Veterans and scores of prominent men and women from this and other states witnessed the ceremonies.

The memorial was made possible through the gift from the late Ashley Horne, who served as a Confederate soldier throughout the war between the States. As a member of the State legislature from Johnston county, he introduced a measure providing for the erection of a statue by the State. Failing to elicit the necessary support, he gave \$10,000, and accepted plans for the monument before his death in October, 1912. The monument stands on the south side of Capitol Square midway between Fayetteville and Salisbury streets. On the southern side, in bas relief, is a grandmother in a sitting position, with a book in her lap. The woman is relating the story of the Civil War to her grandson, who grasps the hilt of his father's sword.

**INSCRIBED TO WOMEN.**  
On the eastern side is a bas relief representing the Confederate soldier going to war. His return in an emaciated condition and ragged, but welcomed by the women of the Confederacy, is depicted on the western side. The monument is inscribed "To the North Carolina Women of the Confederacy."

J. A. Long, chairman of the monument committee, presided over the ceremony. In the local auditorium and were concluded at the site of the monument. The principal address of the occasion was delivered by Dr. Daniel Harvey Hill, a son of Colonel D. H. Hill, who commanded the First North Carolina regiment in the battle of Gettysburg, thirty-three years ago today.

The court square where the unveiling took place, was crowded with members of the North Carolina division of United Confederate Veterans, commanded by General Julian S. Carr, of Durham, N. C., and other spectators. Ashley Horne, the young grandson of the donor of the monument, drew the veil from the statue after which an appropriate poem was read by Dr. Henry J. Stockard, chairman Long, formally presented the memorial to the State of North Carolina, in a short address, which was responded to by Governor Locke Craig in behalf of the State.

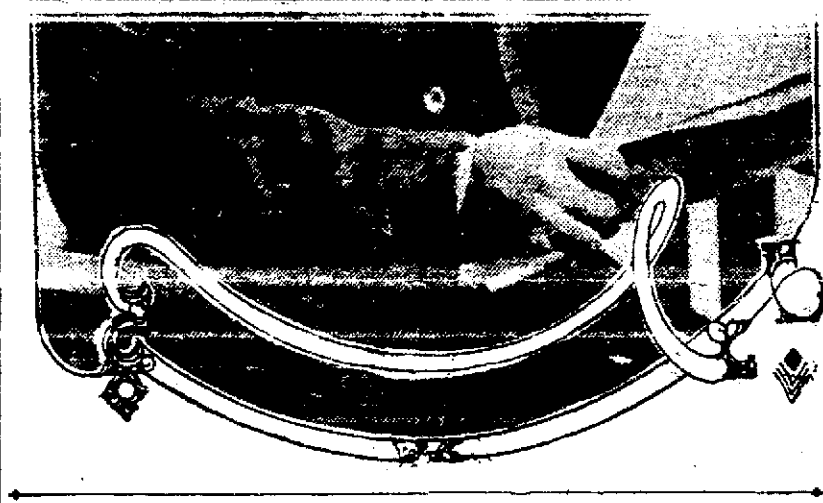

## CEMETERY IS GIFT; PROTEST IS EXPECTED

WHITE PLAINS, N. Y., June 10.—One hundred and sixty acres of the choicest land in Westchester county has been set apart for a public cemetery in the will of Daniel E. Merritt, one of the original inhabitants of this town, which was filed for probate here yesterday.

The estate is near that of Mrs. Whitelaw Field and other New Yorkers, and a decided protest against the establishment of a burying ground is expected from them. To make sure that his purpose shall not be interfered with, Merritt provides that his executors shall have an enabling act passed by the Legislature if the cemetery cannot legally be located under the present laws upon the farm where he lived for more than seventy years.

The Merritt estate is estimated to be worth nearly \$1,000,000.

## BRIDGE IS CANDIDATE WILL SEEK RE-ELECTION

W. B. BRIDGE, SUPERVISOR FOR SECOND DISTRICT OF ALAMEDA COUNTY, WHO SEEKS RE-ELECTION.

## 14 MORE HINDUS OBTAIN RELEASE

Court of Inquiry Begins Examination of Newcomers on Liner.

VANCOUVER, B. C., June 10.—Yesterday saw the release of fourteen additional Hindus of the Komagata Maru, who had been able to prove to the officials constituting the board of inquiry of the local immigration department that they were men who had real grounds for remaining for a certain length of time in India after having been resident of Canada. This makes twenty-two of the returned Hindus from the Komagata who have been released.

Today the court of inquiry commenced examining those Hindus aboard the Maru who are newcomers. These will be in the nature of test cases. The law that applies to these new cases is the law that the legal adviser to the Hindus says is unconstitutional. The immigration authorities will probably make the claim that under these regulations no more Hindus should be allowed in because they did not come direct from their home land as required by law, and because they are laborers and artisans. The manifest taken by the ship's officers when the Komagata Maru left the Orient described many of the men passengers as laborers. Gurmit Singh says he especially fitted out this expedition with the intention of testing the law dealing with this matter and for this purpose he filled his ship with all classes of Hindus.

**TO CONTROL IMMIGRATION.**  
It is understood negotiations are in progress between the Canadian Government and the authorities of the new Chinese Republic for the signing of an agreement in regard to the control of Chinese immigration entering Canada.

The Chinese Government has, it is understood, intimated that it is willing to enter into some such arrangement as Japan has at the present time which permits the entrance of 400 Japanese into Canada yearly. The agreement with the Chinese authorities may even be more rigid. At present Chinese entering into Canada pay \$500 head tax.

It is believed at Ottawa that if an arrangement was made with China as with Japan it would make it easier to negotiate a similar agreement with India through the British and India authorities. With an arrangement with these three countries there could not be much objection to the amendment to the immigration which Mr. H. H. Stevens proposes which would exclude all Asiatics south of the fiftieth parallel north, whose country had no immigration treaty with Canada.

Friends of W. B. Bridge, supervisor for the second district of Alameda county for the past seven and one-half years, are informed that he is a candidate for re-election. Supervisor Bridge is standing on his record. He says he has been an advocate of improvements, such as good roads, good bridges and the like and that he has stood for permanency of construction in order to carry out his policy of economy. Prominent among his achievements, Bridge says, is the Dublin Canyon improvement at a cost of \$140,000, when the roads were made substantial, the wooden bridges

replaced by concrete structures and the general aspect of conditions changed from temporary to lasting. Bridge says, "I am now and have ever been for honest, economical and businesslike administration of county affairs, without fear or favor to any man or collection of men. I purpose to work in the future as I have in the past, for all of Alameda county. I am a man of family and my interests are all here. I have lived in this county forty years, and am a product of its schools, where I received my education. I know this county from one end to the other."

**RUSSIAN LABOR NOW HAS PRESS**  
Despite Czar's Repression, Journal Founded Secretly, Is Two Years Old.

ST. PETERSBURG, June 10.—Russian trade unionists have been celebrating the second anniversary of the establishment of a labor press in the country. Notwithstanding the most elaborate precautions taken by the police, meetings have been held in almost all factories, collections made, and resolutions adopted in support of the press. In many factories workmen have resolved to devote to the press fund a whole day's wages and to try their best to increase the number of subscribers.

Since it was established, Truth, the organ of the trades unions, has had thirty-six issues confiscated and it has had to change its name half a dozen times. Besides, fines totaling \$4000 have been paid; 16 of its editors have been imprisoned, and their sentences totaled 16 months.

**SECRECY COMPELLED.**  
In fact, throughout Russia, labor organizations, through the interference of the police, are unable to exist openly. This, in the opinion of many employees, is the cause of the frequent strikes and lack of understanding between them and their men. Should a dispute arise and the men appoint the delegates to meet the employees, those delegates are immediately arrested as the ringleaders of some imaginary revolution, and as a consequence the negotiations come to nothing. The organizations have been driven to hold their meetings in secret and are practically run by secret committees. No man dare disclose the orders of these committees.

The perfect control exercised is shown by an incident freely quoted here. It was intimated that no work would be permitted on a casting required for a certain battleship. The casting traveled from one dockyard to another, and wherever it appeared the men refused to work on it. Finally the boycott was mysteriously removed and the work was speedily completed.

**SCIENTIFIC INVASION.**  
Russia is looking forward to an international astronomical invasion for the purpose of observing the solar eclipse on August 21.

In the west of Europe the eclipse will be visible only partially, but Russia will be favored by a vision of a total eclipse. It will begin in Norway, pass through Sweden and the Baltic, and then travel through Russia from northwest to southeast, retreating to Asia Minor and Persia. The duration of the total eclipse will vary from a few seconds to a few minutes, and it will be longest at Minsk, where it will last 2 1/2 minutes.

The Russian observatories, astronomical research societies, as well as the universities, have already arranged their places of observations at various spots from Riga in the northwest to Theodosia in the southeast, and the chief expedition of the Russian Astronomical Society has even gone outside the confines of the Empire to Asia Minor.

British astronomers will be well represented. Mr. Frank Watson Dyson, at the head of a large staff, will make observations at Minsk on behalf of Greenwich Observatory. Mr. H. F. Newall will head an expedition from the Cambridge Astrophysical Observatory to Theodosia, while Professor A. Fowler of the Royal Astronomical Society will make his headquarters at Kiev. No fewer than eleven scientific societies of Western Europe have already staked out their claims on Russian soil, and in addition many individual men of science will be present on their own initiative.

# PROHIBITION IS DELAYED IN CONGRESS

Special Rule for Consideration of Hobson Amendment Unconsidered.

WASHINGTON, June 10.—A special rule for consideration in the House of the administration conservation program, consisting of five bills, was voted out of the House committee today.

A special rule for consideration of the Hobson prohibition amendment was unacted upon when the committee adjourned until later.

The committee agreed to hear Representative Hobson of Alabama and the Rev. E. C. Dinwiddie, legislative agent of the Anti-Saloon League, before voting

no effort to force a vote. Anti-Prohibitionists in the House declare the necessary two-thirds vote could not be had at this time.

Majority Leader Underwood said if a vote were delayed now it would probably not be reached during the present Congress. The conservative program arranged in the special rule includes: The

Ferris bill for leasing of coal lands in Alaska, with six hours debate; the Foster reclamation bill, with four hours debate; the Ferris bill for conservation of water power sites on public lands, with four hours debate; the Foster bill amending the mining laws, with four hours debate.

All of the bills on the program have been approved by the administration. That the House would be forced to vote at an early date on a resolution providing for national prohibition through an amendment to the federal constitution was hoped for by its advocates. This was generally conceded as a result of the expressed willingness of Majority Leader Underwood to have the question brought before the House for a test.

The House rule committee had before it two propositions. One was a revised resolution introduced by Representative Hobson of Alabama, designed to meet opposition to his previous resolution on the ground that it violates State's rights. The other was offered by Representative Cantrell of Kentucky, proposing a special rule for consideration of the original Hobson resolution with a limit of ten hours' debate.

**FIRE FORCES MEN TO DROWNING IN RIVER**

PORTLAND, Ore., June 10.—A coroner's jury which investigated the drowning last Wednesday of James Sterling and Alexander Balough, who were forced into the river when fire destroyed the Northwest Door Company's plant, yesterday returned a verdict declaring the flames had originated in sparks from a nearby fire, where wheat which had been partially burned in a previous dock fire was being destroyed.

The verdict constituted Mayor Albee for having given permission to the Lewis Investment Company, which owned the wheat, to burn it and declared that precautions to prevent spread of the fire to adjoining property had not been taken.

**ASHLAND BONDS ARE CARRIED; VOTE IS BIG**

ASHLAND, Ore., June 10.—Ashland broke the national record yesterday when she cast an almost unanimous vote for a \$175,000 bond issue. Two thousand votes were cast. The bonds will be used to utilize for resort purposes the property owned by the Ashland Springs discovered last February, one of which is the second strongest lithia in the world.

Canyon Park, comprising 67 acres in the heart of the city will be beautified and water fountains, swimming pool, and other amusements will be erected on this property.

**PIMPLES LIKE BOILS DISFIGURED BABY**

On Head, Arms and Hands. Then All Over Body. Cried Continually. Itched and Burned. Cuticura Soap and Ointment Cured.

RFD No 2 Jeffersonville, Ill.—"When my baby was three weeks old the top of her head, her arms and hands broke out with a number of small red blisters which itched and burned causing her to scratch them. The blisters looked like heat when they first began to break out and then turned into sores as large as peas. They would then fester and look like boils. Then they began to appear all over her body. She cried continually with them. She was very restless and lost much sleep at night. She would scratch them until they would bleed and she was terribly disfigured. Her clothing stuck to the blisters on her body.

"I saw the Cuticura Soap and Ointment advertisement and with but little faith I decided I would try them so sent for a sample. The first treatment relieved her so much that I kept on using Cuticura Soap and Ointment, and only one cake of Cuticura Soap and one box of Cuticura Ointment and the cure was complete." (Signed) Mrs. Edith Seeger, Oct. 4, 1913.

Cuticura Soap and Ointment have proved most valuable for the treatment of pimples, blackheads, redness and roughness of the face and hands, dandruff, itching, irritated scalp with dry, thin, sore falling hair, as well as for irritations and chafings of infancy and for all purposes of the toilet, bath, and nursery. Cuticura Soap 25c, and Cuticura Ointment 50c, are sold everywhere. The world's largest supply of each mailed free with 25c Skin Book. Address post-card "Cuticura, Dept. T, Boston."

"Cuticura Soap and Ointment will find it best for skin and scalp."

## ANCIENT CUSTOM RETARDS HOUSE

Calendar Wednesday and Its Filibusters Prevent Big Bill From Passing.

WASHINGTON, June 10.—Calendar Wednesday, a venerable and jealously cherished parliamentary custom, is becoming a bone of contention in the House of Representatives.

Seven weeks ago the House began the consideration of a voluminous bill providing for the uniform codification of all laws, and after six successive Calendar Wednesdays, during which time all manners of filibusters were perpetrated to stay its progress, the astounding discovery was made that only 60 of the 168 pages of the bill had been considered.

Retarding of the measure was partly due to a declaration of war by Representative Thompson and Wingo of Arkansas, friends of the rural credit measure, which was overlooked in the Democratic caucus. They conducted their filibuster just like naughty little boys "getting even" until Floor Leader Underwood scolded them soundly, and they desisted; whereupon everybody on the Democratic side breathed a sigh of relief.

**PLENTY OF VOLUNTEERS.**  
But hardly had the Thompson-Wingo filibuster failed than Representative Mondell of Wyoming leaped into the breach. The members gathered that he was considerably "peevish" because the bill was not moving fast enough, and as soon as the Wyoming member impressed this upon his fellows he proceeded to a little declaration of war all his own.

"If this measure is not considered in a serious manner," he asserted, "I shall insist upon a quorum being present whenever Calendar Wednesday arrives."

"Seem" as how most of the representatives take Calendar Wednesday for a sort of Congressional "Roman Holiday" and "journey to the baseball park," this was "some threat."

When it comes to luminosity of neckwear, Judge Adams, Representative from Georgia and Chairman of the House Interstate Commerce Committee, has old Sec. Solomon in all his glory looking like a faded sepia print.

About a fortnight ago the judge received from Georgia a box containing a dozen or two of those scarfs from the assortment could be taken every line of the rainbow, even tint of the well-known spectrum, and several others which, until the discovery of ultra-violet and the ultra-red rays of science, weren't known to exist at all.

**LIKE J. HAM LEWIS.**  
Now when the judge saunters through the dim House corridors the bands of tourists get the impression that a torch light procession and a Fourth of July get-piece celebration, with a radiance lent by a first corner of Halley's comet, is visiting the halls of Congress.

The first perfectly satisfied Mexican refugee to arrive here is J. J. Slado of Columbus, Ga., big property holder at Michoacan.

Calling on Secretary Bryan with his friend John Lind, Slado verbally patted the premier on the back, told him the administration Mexican policy was O. K., and almost gave the secretary a slap on the back by failing to ask that the fleet and the army both be sent inland to protect his holdings.

"My property is land—and it is nailed down," he told the secretary, "and I certainly wouldn't want to have a single American boy shot for the sake of any holdings."

"I want to say right here and now that Uncle Sam has treated me mighty fine, and I'm satisfied with him in this Mexican situation."

Secretary of State Bryan has a new pair of glasses.

When on his way to the Senate he was only "half mooned," but despite his new acquisition, the premier insists on nervously fumbling his old nose glasses every time he has a group of visitors.

## PATENT MILL IS GRINDING FASTER

Good Progress Made in Reducing Number of Applications Pending.

WASHINGTON, June 10.—Gratifying progress has been made in reducing the number of applications pending for the issuance of patents, according to Commissioner of Patents Ewing, in a report to Secretary Lane on the output of the work of his office since he assumed charge last August. He asserts that this reduction could be accomplished much faster and the work of the office brought up to date much quicker with an increased office force which he strongly urges.

Commissioner Ewing states that since January 1 the number of applications passed for issuance of patents has been 6987 greater than the number allowed for the corresponding period last year. Since last August the number of new applications awaiting action has been reduced by 539 and the number of old cases by 5152, a total reduction in the pending cases of 5691. On January 1, 1912, 118,830 applications were pending. The commissioner expresses the belief, however, that all of the delayed cases will have been disposed of within reasonable time.

Receipts of the patent office for the year ended March 31, 1913, were \$986,476 compared with \$910,581 for the same period last year. Receipts last year were \$157,000 in excess of expenses and the commissioner says this year's surplus will be more than \$200,000. Since its establishment receipts of the office have been more than \$10,000,000 in excess of expenses.

## Auditorium Construction to Be Completely Safeguarded

The action of the city council in adopting the suggestions of Mayor Mott that a committee of citizens be selected to act in an advisory capacity in the construction of the auditorium removes the last objection that could be made to the issuance of bonds for the completion of that structure.

This committee is to be made up as follows:

One delegate from the Building Trades Council and Central Labor Council, one from the Merchants' Exchange and Chamber of Commerce, one from the Oakland Center of the California Civic League, one from the United Improvement Clubs east of Lake Merritt and the Santa Fe Improvement Association and one by the Alameda County Tax Association, five in all, each member of the committee to be selected by the membership of the bodies entitled to representation, and

This committee will inspect all contracts and plans, check up expenditures and watch the progress of the work and from time to time keep the public advised as to the amount of money paid out and the condition of affairs.

In making the suggestion for the selection of this body of citizens, the mayor directed attention to the fact that there has been apprehension manifested concerning details and cost of construction, much of which in his judgment was due to lack of information, and that this plan would remove all such sentiment, inasmuch as the people will be intelligently advised, which is true. Mayor Mott was right in his premises, for there has not been so much sentiment adverse to the construction of the building as there has been adverse to methods employed.

With this doubt removed and the people realizing they will always be represented by a competent committee of their own selection, confidence will be restored and matters can be carried to a happy and successful termination.

BUT EVEN WITH THIS ACTION TAKEN, FRIENDS OF THE MEASURE SHOULD NOT CEASE THEIR EFFORTS, BECAUSE, WHILE A LARGE PART OF THE OPPOSITION WILL BE REMOVED BY THIS ACTION, NOT ALL OF IT WILL BE ELIMINATED, HENCE IT IS NECESSARY TO POLL AS LARGE A VOTE AS POSSIBLE, TO THE END THERE SHALL BE NO FAILURE IN THIS ELECTION FRIDAY.

## Anti-Militant Sentiment Increasing

England's militant women are losing ground. Public sentiment is strongly against their course of conduct. So long as they confined their activities to pouring hot tar in letter boxes, smashing windows and chasing cabinet ministers they were tolerated by the people generally and when arrested, convicted and imprisoned there was a certain amount of sympathy bestowed on those who indulged in "hunger strikes" in order to obtain their releases.

But with the destruction of churches, destruction of works of art devoted to sacred subjects, interruption of divine services in temples and cathedrals a change has come. "Let them die!" is now the slogan as applied to the hunger strikes and no less a person than the clergyman brother of the late Cardinal Vaughan is quoted as saying there would be nothing ethically wrong in this action, coupled with the suggestion that they should start at once and make up for lost time.

It is noted also that the government has decided to introduce legislation indemnifying prison authorities against the consequences of allowing suffragettes to starve themselves to death while in jail, and that during the past week many of the females who have tried to hold public meetings have been roughly handled. It is but a short time since Sir Conan Doyle predicted lynchings of these enthusiasts, unless their methods should be changed, while other men of importance have expressed fears of violence toward them.

That these women are in earnest to the point of fanaticism is apparent, but it is doubted if they are any nearer the attainment of their desires than when the movement was inaugurated. Such methods as have been pursued during the past few weeks are not calculated to impress anyone with the righteousness of their cause. People resent insults to religion, no matter where tendered, and the invasion of churches has been resented by clergy and lay members alike, while wanton destruction of ancient and historical places of worship, together with objects held in highest reverence, has caused a rapid growth of anger and indignation.

It looks as if the militants will be forced to change their policies if they intend making any progress toward securing the franchise and to adopt the more peaceful methods of argument in place of the torch and explosives.

Marriage license records all over California show that the crop of June brides is up to standard. And they are all peaches at that.

Questioning THE TRIBUNE'S suggestion that the Colorado strike situation should be settled by compulsory arbitration, the Bakersfield Californian asks how such action may be compelled. The answer is plain; the state has the right to exercise its police powers in that direction.

## Villa, Peace Prize Winner.

One Victor Pontelot suggests Francisco Villa, Carranza's leading general, as a candidate for the Nobel peace prize. That the suggestion is ironical is manifest. The biographical sketch of Villa following is anything but an argument in favor of the suggestion.

Pontelot informs us that Villa's name is not Villa, but Dorotea Arango, that he was born in La Laguna and his mother died of the shock. He began active life as a panderer for his sister, and angered at his patron, who was one of her lovers, killed him. For this he was tried and condemned to death, but escaped from prison and turned up at Parral as Pancho Villa, where he earned thousands of pesos for killing the guardian of two young women.

After having been killed by a bullet in the chest, he was enabled to finance a band of brigands and then terrorized a large district until one of his lieutenants betrayed him and he was condemned to death at

## A NATURE STUDY!

—BY THE OAKLAND TRIBUNE CARTOONIST.

Chihuahua, this sentence being commuted to life imprisonment. His band rescued him and he was recognized by Madero, who made him a colonel. Later he entered Santa Rosalia, where he was first condemned, and after hunting up the judge who sentenced him, shot him to death. Madero, having entered Juarez, Villa heard that Don Jose Mestas was escaping with fifty thousand pesos, and this being too much money to let go, Villa met Mestas at the international bridge and killed him, securing the treasure.

This money enabled him to set up in business as a wholesale butcher at Chihuahua. It was very profitable, for his band stole the cattle, and save for their slight expenses his sales were clear profit. When the rebellion against Madero started he offered his services against his former patron, but not being accepted he went back to Madero. Huerta came to the province where he was operating and declined to ally himself with Villa. Eventually so many complaints were made against the bandit, Huerta had him arrested, court-martialed and condemned to death. Then the present dictator caused a commutation of sentence to issue and Villa on his knees kissed Huerta's hands and thanked him for his freedom.

We are prone to look upon Huerta as the embodiment of all cruelty, but as Kipling would say under similar conditions, Huerta is a "bloomin' angel" alongside this time serving murderer who heads the army of the Constitutionals.

## Young Folks Fined for Kissing.

What sort of a place is this city of Milwaukee, anyway? We have heard many encomiums—mostly paid advertising of course—about the stuff that made it famous, and the "personal liberty" enjoyed by the inhabitants in being permitted to absorb it in quantities unlimited or limited according to desire or means of purchase, but how about this condition?

It appears from reading the news dispatches from this place where the hop is ever hopping and the bung starter is the emblem of prosperity, that a young fellow and his girl who met on the street and exchanged kisses were arrested and fined \$15 each, it appearing there is an ordinance prohibiting smacking in public. This pair were unfortunate, because by rights they should not have been captured. It was after dark when their lips met and they would have doubtless escaped detection but for the fact that an automobile with electric lights turned the corner swiftly and a prying policeman got a flash of the incident with the result that young man and sweetheart were run off to the bastille and afterward punished in manner related.

Now what do you think of that for a "blue law" in a "personal liberty" town? This young couple could have visited a beer garden and filled themselves with tincture of Gambrinus until they ached and nary a policeman would have interfered, but when they kissed on the street that's different. It does not appear that Milwaukee has this ordinance because of fear of danger from microbes, bacilli, tubercles or other noxious cadoodles likely to affect health, but that it was passed just to prevent kissing, that's all.

But where's the harm of a fellow kissing his girl on the street after dark? Perhaps he dare not kiss her at home when the old folks are around, and of course it wouldn't look well to kiss her under the light of an electric lamp, but in this case, there was no harm done.

What a lot of old soreheads Milwaukee must have for city fathers and what a mean policeman that was who made the arrest. He could just as well have turned his head, or if he had to do anything, he could have arrested the automobilist for being "all

## LOS ANGELES "BUSHY" LOOKS LIKE VETERAN

Physiologist Bought by Yankees; Jack Ness to Play Second

By R. L. FILL.

Queer stories are being set afloat concerning this lanky, gawky youngster whom Uncle Dillon is trying to feed us under the name of Howard Ehmke. If they had told us his name was plain John Smith or Montgomery Mufface, they could not have aroused our suspicions any more than by trying to make us pronounce Ehmke.

Ehmke is supposed to be 19 years old, made famous by oranges and Frank Chance. The facts are that no one knows anything about Ehmke further than a year back when he and his family moved out from somewhere in the East. He doesn't look to be only 19 years old, and he doesn't look to be an innocent high school student.

His official record in the Coast League is eight victories and no defeats. Three of his victories have been shut outs. Every Class AA team in the coast has tried to lick him and failed. Oakland came the nearest to it but even then it was because the youngster was wild and not because the Oaks were hitting him. He has been put to all sorts of tests and is either a born Walter Johnson or a born "ringer," who is putting over the best "melon" the Coast League has ever seen.

Not since Hal Chase blossomed out in a Los Angeles uniform has any player created such a furore. It's a funny thing that the same club should produce the two.

Chase was in a class by himself, so apparently is this Howard Ehmke, but it is really "Ehmke." We have our doubts.

Too bad that Tyler Christian could not have got off to a winning start, but such is the rule of baseball. No home team was ever yet able to stand up under any sort of a gala occasion. The Oaks are not the only ones who can win when there is any special reason for doing so.

Remember Monte Pyl? He played first base for Oakland in the spring of 1911 following a spell with the outland league. This winter he was welcomed by the New York Giants and then sold to Jersey City of the International League. Who do you suppose is buying him now? None other than Frank Chance of the New York Yankees, who think that Monte has the making of a first base king. Chance has purchased from the same club outfielder Strait, who was with Portland two years ago and gained a reputation as a heavy hitter.

I understand that Tyler Christian is going to try the experiment of playing Jack Ness at second and Rube Gardner at first to try the hitting strength of the

## WILLIE FITZSIMMONS ADDS ANOTHER VICTORY

Al Rodgers Proves Too Strong for Tom Nickola in a Spectacular Bout.

By THE TIMEKEEPER.

The West Oakland Club returned to the pugilistic game

before a fair crowd, and getting away with the night's sport in very satisfactory fashion. The boxers were all well matched; there were no delays or substitutes, and the fans seemed to be highly pleased. The club plans to stage another card forward the end of the present month and is already after two of the best lightweights around the bay as a head line attraction.

In the main event of last night's show Willie Fitzsimmons gained a decision over Monte Arlett. Willie handled himself very well against the old-timer, and showed a cool head throughout the ten rounds. The bout was between two boys of much the same style. Both clever fighters, there were few blows successfully landed, and as neither seemed to have a knockout punch there was no great advantage either way. Willie got in some good work at different times with his straight left, and occasionally landed a good right hand body blow. His advantage was not apparent in the first seven rounds, but in the last three Monte seemed to be tired and unable to figure the youngster. Toby Irwin refereed the match.

The 10-round bout between Rodgers and Nickola, which went to the former, was the treat of the evening. Both boys worked hard throughout the bout, and many good blows were landed. Rodgers was too strong for Nickola, and had the latter in a bad way several times. Nickola's work did not come up to his usual standard, as he seemed overtrained and stale. Tom's blows did not seem to have the steam of the ones with which he rocked Johnny Sweeney. Rodgers tore in throughout the bout, forcing his opponent to the ropes and landing repeated right and left swings. Nickola's work in the sixth round, after a rally at the ropes, Nickola was all but out and was saved by the gong. In the seventh Tom was very groggy, but by good head work and clever boxing managed to evade his opponent. Coming back in the eighth round, Nickola started his right cross going and managed to keep Rodgers at a distance. In the ninth and tenth Nickola was almost all in, but by good head work managed to stay the limit.

After six wild rounds, Referee Eddie Baker handed down a draw verdict for the bout between Willie Meehan and George Christian. Willie delivered the same old corkscrew swings with the usual effect. The colored boy did not show his promised aggressiveness. A new newsboy idea came to light last night when Whitey Smith earned a popular decision over Kid Nabisco. Whitey displayed a cool head and a good right hand and has the distinction of being the first opponent who has ever been able to box Nabisco.

Joe Hachulter topped the decision from Paul Cobb on aggressiveness. The newsboy past blossomed out again last night, with the result that several patrons expressed a desire to make violence on his person. The directors of the club have promised to do away with the fresh kids who bother the patrons at the boxing shows.

Willie Hoppe, who has been out of the game for a couple of months, owing to sickness, figures to re-enter the ring next Friday night as the main event of the four-round show against Sally-Salvatore. The rest of the card which will be presented by the University Mound Club is as follows:

Ott Berg vs. Soldier Nelson, 160 pounds; Frankie Gaze vs. Herb Brodie, 135 pounds; Willie Meehan vs. Sallor Carroll, heavyweight; Frankie Jones vs. Willie Robinson, 135 pounds; Jap Korvanah vs. Lee Pichel, 125 pounds; Pete Peterson vs. Young McKenna, 118 pounds; and Puggy Donovan vs. Frankie Holmes, 135 pounds.

Willie Ritchie has signed articles with the representative of the English syndicate, for a match in London, which will take place before the Olympic club of that city on the fourth of July. Ritchie is to receive a guarantee of \$15,000, with a privilege of accepting half the gate receipts after seeing the house. Ritchie will also receive \$10,000 for the motion picture rights, and a share of the advertisement.

In spite of the fact that he is matched to meet Mike Gibbons on the twentieth of this month, Bill Murray has agreed to the weight specified by George Chip for their contest, which will now take place as it was originally scheduled, on the fourth of July.

Murray has been insistent in his demands that Chip make 158 pounds ring-side for the bout, and Chip would not agree to better than that weight five hours before the match.

Chin is at present in Los Angeles, but will come to San Francisco in the next few days, now that the weight question is settled. It is undecided as yet what Murray will do, but local friends have expressed doubts about his match with Gibbons, and think it will be marred. In that case, Murray would leave New York for San Francisco immediately.

booster excursion to be run under the auspices of the Oaks booster club to Sacramento on Sunday, June 25, have not been placed on sale as yet, over one hundred reservations have already been made through the officers of the club.

As the excursion which will be run over the Oakland, Antioch and San Joaquin Railway, will be a personally conducted one, but four cars and a powerful electric engine will make up the special, and but 250 fans and their ladies will be accommodated on the train. For this reason the committee in charge will place about 125 tickets on sale for the public, at four stores on Broadway within the next day or two. Tickets may also be secured through L. B. Gross of Frank C. Peterson.

## Willie Ritchie Will Sail for "Yarrup"

NEW YORK, June 10.—Willie Ritchie, the world's champion lightweight pugilist, signed articles of agreement last night for a twenty-round bout with Freddie Welsh, the English champion, for the world's lightweight championship, in London on July 4 next.

Guarantee and forfeit money were deposited by the representa-

Welsh sailed for England last Saturday and Ritchie will leave today.

## SHREWD BETTORS HAVE INSIDE TIP COULON WAS GOING

End Comes in the Third Round With Right to the Chin.

RINGSIDE VERNON Cal. June 10.—Johnny Coulon, bantamweight champion of the world, lost his title last night to Kid Williams of Baltimore who knocked

him out in the third round of their 20-round contest.

The fighting was all Williams' own from the start. Coulon seemed to be unable to solve the riddle of landing anywhere in the short interval of the first two rounds and was saved at the close of the second round only by the timely ringing of the gong.

The result proved the wisdom of the bettors who favored Williams from the start, holding that Coulon's class had kept him out of the ring for a year had robbed him of championship form. The odds on Williams went as high as 2 to 1.

The fighting was fast and exciting from the start. Williams held the center of the ring and kept Coulon swarming near the ropes. When the former champion received the blow which deprived him of his title he fell nearly under the ropes, within a few feet of Williams' corner of the ring.

As Referee Eton raised the new champion's arm, signifying him to be the winner, the crowd rose and cheered lustily. Williams ran around the referee and attempted to assist the ex-champion to his feet. Coulon appeared shaky and seemed able to walk as soon as he had gone a step or two he went to his corner, however, and refused Williams' proffered aid.

Before Coulon had reached his corner the seconds of both had leaped into the ring, followed by other ring officials and several policemen. The referee went to the aid of the former champion and drove back the throng which was gathering to see what damage had been inflicted.

A soft kick opened and Coulon was taken to his dressing room immediately. Williams cooled his dressing robe and followed shortly after.

Both covers had left the ring before a crowd, which usually is over anxious to reach the exits, had moved from their seats.

For eight minutes' work in the ring and taking a beating at the hands of the new champion, Coulon received about \$10,000.

Williams was guaranteed a guarantee of \$5000 which was granted with the privilege of taking 50 per cent of the gate. The crowd was one of the largest seen at Vernon for months and Coulon took the gate percentage.

In addition to this he received \$1000 from the new champion which was an agreement before the fight.

Besides acquiring the bantamweight title Williams received \$2500 as his one of the purse.

## ROLAND ROBERTS' CLOSE DEFEAT WINS HIM ADMIRERS

(BY NELSON G. WELBURN.)

William Johnston, Pacific Coast champion, succeeded after a hard struggle yesterday in defeating Roland Roberts in the finals on the courts of the California Lawn Tennis Club for the championship singles title of San Francisco by the scores of 4-6, 6-4, 7-5, 6-4.

Roberts, on the other hand, took the net on his service and was pretty successful in holding Johnston to the base line, which seemed to prove a handicap to Johnston.

In the third set Roberts led by 5-2, but Johnston seemed to take a brace and fought desperately until he tied the score five up. With five up, Roberts began to

lose, and his shots became less periodic, with the result that his opponent ran out the set to his favor, 7-5.

The fourth and deciding set saw Roberts leading with 2 love, 40-30 on his service, which was overcome by three remarkable drives by Johnston down the side lines. These were his best shots in the entire match. Johnston was frequently in dangerous waters, and his close victory is a tremendous boom for young Roland Roberts, San Francisco's new tennis wonder.

## The Question Box

To the Sporting Editor:—With runners on first and second and none down, batter hits an infield fly, are the runners allowed to advance at their own risk? If they do make the base are they ordered back by the umpire, and can they be put out attempting to advance? C. J. FERN.

Ans.—Any runner who is caught off his base on an infield fly may be doubled out just like on any other kind of fly if the ball is caught. In the American League, runners are not permitted to advance on an infield fly, but in the National and Coast Leagues, runners may advance on their own risk or hold their base if they so desire. In the latter case they are safe whether the ball is caught or dropped. Our interpretation of the Coast League rule is that any runner who attempts to advance on a ball that has been declared an infield fly by the umpire may be doubled out if the ball is caught, or are entitled to any bases they make on error.

GALE SPREADS DEATH ON CANADIAN SEAS

OAKLAND HIGH BIDS GODSPEED PUPILS FINISH THEIR WORK

EXERCISES ARE HELD IN SCHOOLS

Many Record Classes to Receive Diplomas at Various Educational Institutions.

One of the largest classes in the history of Oakland High School will graduate this evening when the commencement exercises will be held in Chabot Hall, Eleventh and Grove streets. Ninety boys and girls will receive their diplomas. The program will open with an invocation to be pronounced by Rev. Clifton Macon, rector of Trinity Episcopal Church of this city. The student orators will be Edwin Meese Jr. and Mildred Valera. The speaker of the evening will be Lewis B. Avery, assistant superintendent of the Oakland public schools. His subject will be "A Word to the Wise." The alumnae scholarship will be awarded by Girard Richardson, president of the alumnae association of the Oakland High School.

Tomorrow evening seventy-two boys and girls of the Manual Training and Commercial High School will receive their sheepskins in Chabot Hall. P. M. Fisher, principal of the school, will preside over the ceremonies.

Self Government Class Graduates; But What of Day?

Will Fremont High School see a "self-government day" next year? That's the question the students are asking. The night the class saved the day, following the death of the class during when "ragging" was indulged in during school hours and abolition of the day was threatened graduates. The officers of the class obtained Principal Rosseter's consent to try one more "Self Government Day," and now that's over, the school is wondering.

"Self Government Day" was the day when teachers absented themselves from school and the students conducted the institution. The "Self Government Day" before last ended with a merry lango in the school assembly hall, anger of teachers who heard of it the next day and threatened abolition of the day until the present class gained one more trial.

Grammar School Pupils Graduate; Exercises Held

Happy boys and girls of the grammar schools of this city received their certificates of graduation this afternoon when the final exercises of the spring semester were conducted. Literary and musical programs were given by the talented pupils of the senior classes and farewell messages were extended to the class of June, 1914. The clever youngsters entertained their elders, who filled the assembly hall with their applause and cheering. The chorus of juvenile voices charmed the large audience. The lads and lassies were complimented upon their excellent work.

The majority of the bright children who completed their grammar school studies will continue their studies in higher institutions, where they will prepare themselves for their life work.

MEMBERS OF THE GRADUATING CLASS OF THE JOHN C. FREMONT HIGH SCHOOL, WHO WILL RECEIVE THEIR DIPLOMAS TONIGHT.

PULLMAN CASE TO BE HEARD TOMORROW

High Officials of Company Arrive; Commission Will Sit En Banc.

SAN FRANCISCO, June 10.—The State Railroad Commission, sitting en banc with all of the five commissioners present, will hold an investigation tomorrow morning into the Pullman case, the Pullman Company and in connection therewith, four of the highest officials of the corporation arrived here from Chicago last night.

The session of the commission was called to order at 10 o'clock for a modification of the opinion of the commission that the Pullman case was operating with an entire disregard for the public welfare; that the tipping system was a disgrace to American civilization and that the company deliberately attempts to pay its employees in gratuities from the public.

In order to make a showing to counteract the effect of the commission's rulings, Richmond Dean, general manager and director of the Pullman Company, E. H. Fernald, general attorney; F. S. Hungerford, general superintendent, and H. P. Clements, general ticket agent, have come to San Francisco.

This morning the officials were in consultation with representatives of the Pullman company here and with their local attorney, C. C. Googler. "It would not be fitting for me to make any statement in advance of tomorrow's hearing before the commission," said Attorney Fernald this morning. "We have just arrived and today we desire to consult together here to take whatever steps are necessary before appearing before the commission. The report that we held a meeting last night is erroneous, as we arrived late and did not have an opportunity for consultation. There is really nothing for me to say as to our attitude and I would not deem it advisable to make any statement at this time. The proceedings before the commission will speak for themselves."

The party arrived here on a special car attached to the S. P. overland limited.

Lassen, a Geyser, Not Volcano, Says Ranger

RED BLUFF, June 10.—The column of steam seen ascending from the top of Lassen Peak has greatly diminished in height, but it is yet higher than the column sent up during the disturbances of last week. Forest Supervisor Rushing made an investigation this afternoon and declares the action is geyser and not volcanic. No smoke is ascending, but the steam forces up a large quantity of light blue ash, which is scattered over the base of the column, making it appear like smoke. The ashes have been scattered over the country twenty miles distant.

Victims of Automobile Accident Will Live

PALO ALTO, June 10.—The condition of Mr. and Mrs. Henry King, injured in an automobile accident yesterday, was reported at the hospital today to be much less serious than was at first announced. Dr. Harry Reynolds declared there are no internal injuries, and unless unforeseen complications arise both will fully recover. They were able to receive visiting relatives.

Municipal "Spooning" Centers to Greatly Increase Marriages

DENVER, Colo., June 10.—The establishment of recreation places for young people, which he terms "spooning centers," is advocated by Otto F. Thum, commissioner of property of this city. Commissioner Thum advanced his views upon the subject in a statement of plans for improving the playgrounds and parks of Denver. He urges that a number of places be set aside for the purpose of increasing the number of happy marriages.

Breeze Relieves Lake Region, but Thermometer Rises Along Atlantic.

CHICAGO, June 10.—Cool winds from the northeast brought relief today to thousands who suffered in the heat of last night. Early today the thermometer in the weather bureau station registered 83 degrees and at 10 o'clock the mercury had fallen a degree. Three deaths and a score of prostrations were reported to the police yesterday, the third day of the first hot wave of 1914. The official temperature on the street was 98 degrees, one degree less than the June record, while a humidity record of .80 added to general discomfort.

San Lorenzo Woman in Court as a Result of "Grubstake."

SAN FRANCISCO, June 10.—The decision by Superior Judge Trout of the merits of the claim of Mrs. Ellen Heim of San Lorenzo to the richest group of mines in Alaska, valued at \$6,000,000, has been delayed by the necessary sending of the briefs to Portland, Ore., for examination. It was learned today that one of the attorneys in the suit, who has not appeared in court, has demanded to be allowed to see the case. The documentary proof and in consequence a delay has been occasioned.

SHIPS ARE LOST IN STORM

More Than 100 Men Perish in Wrecks of Vessels

Whole Families Go Down Together; Spars Strew Coast

ST. JOHN, N. B., June 10.—More than one hundred lives were lost in the storm which swept the Bay of Chaleur on Thursday and Friday of last week, according to reports received here yesterday. The storm caused the greatest number of fatalities in the history of the north shore.

Accounts brought in by fishing vessels which lived through the blow are that the wind blew with terrific force. Captain Samuel Beck of the schooner Warren, estimating the force of the blast at 150 miles an hour at times. The vessels known to be lost with their crews are: Captain Alberts, schooner and crew of five.

Rubin Company schooner gone with all hands. Schooner riding at anchor fifteen miles off Shipigan, all the crew being swept off her decks. Schooner lost off North Cape, P. E. I., with her crew. Three vessels lost off Miscoupoint, their crews bodies picked up. Vessel destroyed at Point Canes, with no one saved. Many other schooners and boats are missing from the Caracquet, St. Simons and Shipigan fleets. From Paspodiac, Que., comes word that thirty boats have been lost with crews. Five of these boats have been picked up near Shipigan. The bodies of eight Caracquet fishermen were recovered.

FAMILIES DIE TOGETHER

CHATEAU, N. B., June 10.—Conflicting reports made it impossible today to determine definitely how many fishing schooners and lives had been lost in the storm which swept the Gulf of St. Lawrence, Chaleur Bay and the Straits of Northumberland Friday. One report placed the number of dead at 125. Advances from Caracquet said nineteen lives were known to have been lost, one vessel was missing and nothing was known of the fate of the crew of two vessels reported ashore on Paspodiac Island.

Road Destroyers Are Prosecuted by State

SACRAMENTO, June 10.—Attorney General U. S. Webb has addressed the state highway commission that it is within its power to protect the state highway and willfully destroy the surface of any portion of the \$13,000,000 roadway. Acting in accordance with this advice, Clarence Beiling was arrested a few days ago in Fresno for running a combined harvester over a portion of the new state highway south of Herndon. The cleats of the harvester tore up a portion of the road. Beiling was arrested by Division Engineer Woodson.

PLAN TO IGNORE BOND OBJECTIONS

City Council Disagrees With School Board Regarding Election.

BERKELEY, June 10.—It is probable that the city council will go ahead with its plan to call a bond election for improvement of the school and waterworks and the purchase of a civic center site despite the opposition of the school board. President H. L. Stern, John A. Wilson and Mrs. Elvina S. Beale went out of town last evening to attend the school board meeting, which was held at the school building. Members of the council who are in the majority thought that the school board would probably proceed with the calling of the election notwithstanding the school directors' objection. They pointed out that the school board was in a bad condition as when the school board recently called an election which the board had been unable to carry. That something must be done to relieve the situation was imperative, they added, noting that the school board was untimely in its opposition.

POSTPONED FETE PROMISES RECORD

ALAMEDA, June 10.—The outdoor carnival and bazaar of the bay cities' councils of the Catholic Ladies' Aid Society that was postponed until next Saturday, June 13, is now being held at the Alameda Elks lodge. The carnival is being held at the Alameda Elks lodge, and the bazaar is being held at the Alameda Elks lodge.

CITY HALL FURNITURE BIDS ARE ALL REJECTED

All bids on furniture for the city hall were rejected by the city council this morning, and the announcement made that the new specifications will be prepared and bids called for in which the word "special" will be omitted. The first specifications were apparently unsatisfactory, as the bids showed considerable divergence, running from \$4344 to \$5877. The bidders were the Rucker Fuller Desk Company, the Wollager and the F. W. Wentworth companies.

COMPANIONS OF FOREST TO GIVE WHIST PARTY

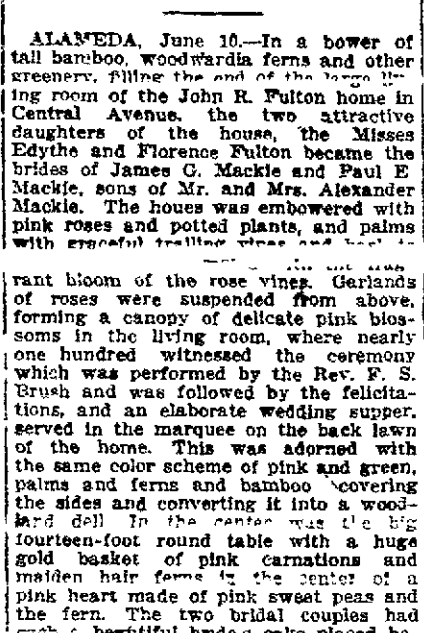

BERKELEY, June 11.—University Circle, No. 148, Comparisons of the Forest, will give a whist party this evening in Masonic Temple, Bancroft and Shattuck avenue, where the members of the circle will act as hostesses. The affair given during the past season at the lodge have proved very enjoyable and have been attended by the representatives of the various circles of this side of the bay.

CIRCLE DANCE TONIGHT

BERKELEY, June 10.—Bay View Circle, Companions of the Forest of America, will give a dance in Bontia hall, Berkeley, this evening. Several prizes will be given to the winners. The affair, which has been arranged by Miss Hazel Swartz, Miss Molly Platt, Miss Lillian Moore and Miss Lillian Apple-

## MILITANT VANDAL

## HELD TO ANSWER

Miss Ryland, Who Slashed  
Pictures, Must Stand  
Trial.

LONDON, June 10.—The elusive  
Mrs. Emmeline Pankhurst, the mil-  
itant suffragette leader, again suc-  
ceeded during the night in erasing  
the police, who were closely watch-  
ing the house in Grosvenor Square  
from which she has been recently  
conducting the campaign against  
the peace of the members of the  
royal family at Buckingham Palace  
and other places.The raid on the offices of the  
Women's Social and Political Union,  
like the previous one early in May,  
did not produce the results expected  
by the police. The documents seized  
revealed no names of public inter-  
est. Chief Inspector James Mc-  
Brien said today the published re-  
sults of the raid on the offices of the  
Women's Social and Political Union  
family, including the Prince of  
Wales, had contributed to the funds  
of the militant suffragettes was ab-  
solutely groundless.A resolution strongly condemning  
militancy and demanding argu-  
ment by the government to stop  
the reign of anarchy was adopted  
today by a large majority at the con-  
ference of the Women's Liberal Fed-  
eration, now in session in London.Lady Carlisle, the president, de-  
nounced as "unwomanly sentimentality  
and travesty of civility" the theory  
that women should not be made to  
suffer the same penalties meted  
out to men under the law.

"NO SURRENDER," HER CRY.

BIRMINGHAM, Eng., June 10.—  
Miss Bertha Ryland, the suffragette  
vandal who yesterday destroyed  
a picture of the government of Geor-  
ge V. in the Birmingham art gallery, was  
today committed for trial. During  
the hearing she created a scene in  
court, shrieking without cessation  
and quoting Scripture. She used  
the text, "I came not to send peace,  
but a sword," as justification for her  
act and she declared the militants  
were working with divine guidance  
for purity and righteousness."I am a woman," she said, "and I  
cry as she went to the cells."

## SIMONDS UNGES

## AUDITORIUM NOW

Submits Facts and Arguments  
in Support of Immediate  
Completion.

EDITOR TRIBUNE: There is really  
but one question before the voters of  
Oakland regarding the auditorium. Shall  
the auditorium be completed now or at  
a few years later? Completed it will be  
without doubt. Our people will not con-  
tinue to be interested in a million  
dollars invested in steel frame that  
left to rust in wind and storm is a shame  
to the city. We have gone too far to  
call a halt now.Another fact is equally clear. No ad-  
ministration would now dare to spend a  
needless dollar in completing the audi-  
torium. Therefore, the only practical  
question left to the voter to decide is just this:  
Shall the auditorium be completed as  
soon as possible and being at once a  
revenue producer or shall we spend 1914  
trying to explain to thousands of visitorsput one right answer to that question.  
Complete the auditorium now.The auditorium is not a waste of money  
by the city administration, or its friends,  
alone, but resting upon disinterested and  
experienced testimony, which the argu-  
ment is that it is not only good  
for the city, but it is a safe as that  
of any large building in Oakland. Prob-  
ably, far safer than most.The auditorium is not a waste of money
